Terrance Barker Towns

Terrance Barker Towns (Terry), died tragically April 9th at the age of 66. He was a kind, generous, loving son, brother, uncle and friend. Terry was known for his wild and crazy stories, his ’57 Chev, the zodiac he built for the coast guard and his fun loving boating days. He had a zest for life, especially for going fast and all things mechanical. He loved music, movies, engines, cars, trucks, certain antiques and most of all loved his family and friends. We will never forget you Terry and will hold you close to our hearts. Rest In Peace big brother.

Condolences may be offered to the family below.
