

Albert Denoni

October 4, 1926 – December 21, 2014

If you are from Victoria, you have probably heard Al play the accordion somewhere in the City.

Al played the accordion professionally for over sixty years and was happiest when he was playing for the enjoyment of the people of Victoria. Al loved his family and they all loved him dearly and miss him greatly. A loving husband and father to Lana, his wife of 42 years and children Linda, Laura, Nicolas and Natalie as well as grandchildren Timothy, Angela, Sean and Brittney and great grandson Logan. In addition to being a beloved and well known musician, Al was also a well known athlete;

playing various sports one being football for St Louis College and the Victoria Mustangs. He played lacrosse for Nanaimo and was a member of the first Victoria Shamrocks team. His working career started in the Land Registry office for the Government where he stayed until he started his own Television repair business. But, music was his life from his first band "The Cubanaires" to the "Al Denoni Trio" to his solo playing. He was the music behind the Jerry Gosley Smile Show for over 25 years. He was the musical entertainment at the Rathskellar Restaurant for many years and also taught accordion to many students at Tempo Trend music studio. When he wasn't playing music, he enjoyed boating with his family and friends at the Capital City Yacht Club with many trips to Desolation Sound and the Gulf Islands. Al gave back to the community by entertaining at many of the nursing homes in Victoria.

He was lucky enough to spend the last two years at Resthaven Lodge (who we thank for their loving care) where he was able to enjoy other local musicians who entertained the residents. Although we are so sad to lose him we know that he will now be playing on a much larger stage. To a man who lived life well and was a kind and loving gentleman at all times. Arrivederci amore mio!

A celebration of Al's life will be held at the Capital City Yacht Club on January 9, 2015 from 2:00-5:00 p.m.

Condolences may be offered to the family below.
