

George William Robert Adams

George was born on March 30, 1946; joined Bo and Buddy in the "Big Blue meadow in the Sky" on October 14, 2021. A loving, devoted, strong, husband, father, grandfather. A Professional Finishing Carpenter who loved the wilderness and all it offered. Dad was happiest in the woods; mainly Deer Holm; listening to the wind in the trees while absorbing the view.

He conquered the West Coast Trail with his youngest; cheered the LOUDEST at swim meets for the eldest; and adventured down the Denali River, River Rafting in Alaska with his best friend, and soul mate Betty. Survived by wife Betty, daughters Christine (Jeff) and Charmaine. Grandchildren; Stephen, Samantha, Jacob and sister Grace. Family meant everything to dad, rest in peace and be free. Always with us...☐

Thank you to Dr. Davidson and all the nursing staff who cared for Dad.

No service by request.
