

Gerald Wayne Overall

CW04 GW Overall was a man, unlike many men. He spent 30+ years in the US Navy rising up as a Maverick through the ranks from an enlisted man to become a Chief Warrant Officer, spending the majority of his career on Air-Craft Carriers such as the USS Franklin D. Roosevelt, USS Kitty Hawk and the USS Constellation.

He also served on airbases such as Beeville, Texas and Rota, Spain and he spent a couple years off and on in Vietnam in the mid 60's where he earned a commendation for setting up an air strip and more. In 1989, he won the Navy-Marine Medal, the highest honor for non-combat service, for his role in saving lives on the USS Constellation. His career was very busy and fulfilling. He even rewrote the firefighting manual for the Navy in the 1980's at one point.

A Memorial Service to Celebrate Gerald's Life will be held in the Sequoia Centre at McCall Gardens, 4665 Falaise Drive, Victoria, BC on Wednesday, September 26, 2018 at 1:30 pm.

Flowers gratefully declined.

For more information, a Memorial Website has been created at www.gwoverall.com.

Condolences may also be offered to the family below.
