

Harvey Joseph Hendrickson

We are saddened to announce the sudden passing of our beloved husband, father and friend to all, Harvo. He leaves behind his loving family Gwen, Adam (Carolyn), and Emma. Born in Tennessee, growing up in Bel Air, MD, he attended the University of Maryland, Baltimore, MD. He loved Canada and became a citizen in 1970. He had many jobs in his life starting as a teacher and ending as a Staff Representative and Honourary Life Member of the BCGEU. For those who knew him, his kindness, sense of humour, and storytelling were legendary.

Legendary

He crossed into our world at the invisible line of 49

Deserting civil unrest, broken promises, and shattered dreams

Arriving with peace in his heart

*Larger than life with a hearty laugh, quick wit and a fountain
of knowledge*

Humour was the friend that punctuated his gift to tell a tale

He held court like no other

Duchess, prince, princess orbiting his sun

*He was a voice for the voiceless, dealing fairness and equity-
like a deck of cards*

Yet his game was baseball

*A hometown fan to the end, following the show, a player in his
own right and fantasy...*

Always managing the stats

*Another crossing, invisible and silent, shattered dreams and
weeping hearts...*

Leaving a mountain of memories

This legend of a man
