

Inga Michel

Inga Michel passed away peacefully at the Saanich Peninsula Hospital with her family by her side. She leaves a legacy behind with the creation of her “inga birds” that are thoroughly enjoyed by many people around the world. An accomplished self-taught artist she thrived as the owner of the Tivoli Gallery in Sidney for 29 years, which she built from the ground up and retired 7 years ago. She will be missed and often commented that she led a very colourful life. A big thank you to all the people involved in the palliative care unit. Condolences may be offered to the family below.
