Peter Lee Nordlinger

Peter passed away after a lengthy illness on December 26, 2024, surrounded by friends and family.

He had an interesting and varied life, lived very much on this own terms. He practiced law in Victoria for approximately 20 years, taught English in Japan for several years and for the last years of his life worked as an English language editor and author in China. He was a man of great compassion. He never met a stranger, only friends. He had a lively intellect and a passion for the written word, which he loved to discuss with anyone who would listen.

He is survived by his sister Karen, several cousins in Canada and the United States and many, many friends in Victoria and China. He will be missed.

Condolences may be offered to the family below.
