

Richard David Bray

David passed away peacefully on April 10, 2023, at the age of 96. He was born in Victoria, the eldest child of John (Jack) Bray and Mary (Murray) Bray. Predeceased by wife Phyllis in 2020 and sister Catherine in 2018. Lovingly remembered and greatly missed by daughter Cyndy, son-in-law Cliff and grandson Gareth.

Dad was a successful businessman in Victoria. He worked as a machinist for United Engineering Ltd. when he was in his early twenties, stayed on and eventually bought the company in 1971. After retirement at age 60, he and mom spent the next twenty-five years travelling afar with friends and

family. Sixty years ago, Dad built a cabin at Youbou, Lake Cowichan, where every summer was spent enjoying delicious meals, picking berries and laughing a lot. Dad was always at the helm when we wanted to go skiing and exploring around the lake.

We would like to thank the amazing 'family' at Sunrise Assisted Living for their compassionate care, kindness and great respect for David over these last two years.

Accepting Dad's wishes, there will be no service. The family respectfully declines any offering of flowers but instead would welcome donations to a charity of your choice.

'We will miss you so much Dad'

Condolences may be offered to the family below.
