Ronald Wayne Machuk

It is with great sadness that we announce the passing of a beloved father and friend; The world seems a bit dimmer today. Ron was a charismatic, charming, caring man. Ron loved people, animals and nature.
He was always making those around him laugh with his eccentric and at times wild tales from his trips abroad to his days on his “hog” (Harley Davidson motorcycle) with the wind in his hair and miles of road ahead of him.
You truly will never meet anyone quite like Ron!

The sadness is great as the memories are timeless.
Please help us keep Ron’s spirit of greatness alive by keeping the stories going; he would be laughing right along enjoying the happiness and friendship that continue to gather in his memory.

Ron would encourage everyone to try to keep on the sunny side as his father Mike would instill.
So please keep on laughing, keep on dreaming and please stay on the sunny side of life.

Forever in our hearts and memory we love you Ron (dad).

Condolences may be offered to the family below.
