

Ross Tuck

It is with great sadness that we announce the passing of Ross Tuck. Ross was a kind, considerate and generous man. His humour and entrepreneurial nature, combined with his rich character, gave him a full and prosperous life. The adventure started when he left Arkansas to join the USAF as a mechanic at the young age of 17. During his military career, his adventures included becoming a decorated fighter pilot, and enjoying the opportunity to live and explore many different places in the world.

After his retirement from the USAF, he moved to Victoria with his family and was a successful business man in the local development and restaurant market. He loved spending time to entertain and captivate his family and friends with stories, working around the house, and playing with his grandchildren.

He leaves behind his beloved wife Vicky, and children Ross and Johanna, and four grandchildren, Logan, Liam, Rowan, and Fraser. He will be greatly missed by his family and friends.

A gathering to remember and celebrate Ross will be held August 7, 2015 at the Deep Cove Chalet at 1 pm. We ask that you call and confirm your attendance with the Deep Cove Chalet. Condolences may be offered to the family below.
