

Sandra Mae Holloway

A second generation native Victorian, Sandra spent most of her life in Victoria except for a brief period in the 60's when she lived in London, England. Having attended St. Margaret's School from kindergarten through grade 12, she later served on both the Board of Governors of the School and the Old Girls' Association. She was interested in field hockey, and at one time Sandra was selected to play for Canada. She was an avid gardener – and a very good one, too. Sandra was a long time member of the Canadian Scottish Cadet Old Guard and a strong supporter of all the Corps affiliated with the Regiment. The Wee One will be sadly missed by her partner of over 50 years, Rae McDonald and a large extended family.
