

Stephen (Steve) Victor Parizeau

With great sadness we announce the death and loss of Steve. Steve passed away in the loving arms of his wife, Tamara, and he is remembered by her children Keith and Felicia. Steve leaves behind his sister Denyse Parizeau (Mike) and his niece Song Fei. Steve was a creative, and intelligent person who felt things deeply and spent much of his adult life reflecting on issues that either interested or concerned him. As a toddler, he loved music and music was his greatest passion and gift throughout his life. He loved playing keyboard and piano with the Friends of Music for many years. He loved composing and playing music individually and with other musicians. I will miss our Christmas music jam sessions and I wish you peace Steve, (Denyse). You were, and are very loved. A celebration of Steve's life will be held in early 2023. Announcement of the service will be published in the Times Colonist.

Condolences may be offered to the family below.
