Verne loved nature, drawing, older cars, gardening, and making beautiful jewelry that many have pieces of in the community of Victoria BC. He was well known for riding bicycles. He had a small two-wheeler at the age of two. Till the day he passed enjoyed riding long distances. He loved to work on and build bikes. He was a great, handy man and a drywaller by trade. Cared and was in service to others. Listened to many kinds of music from rock, jazz, folk and pop. YouTube on TV was fun for him and Anne of Green Gables was one series he watched.

With his big kind heart. We have lost a sweet person who loved children in the family and always would bring a deck of cards to family events to engage with them. He was a wonderful Dad always doing what he was able to do and cared a lot for Jaden with love. Also, a great friend. He lived with his sister Cynthia the last three years. They looked after each other. I know you will be waiting for us all with your funny jokes, helping hand many stories to tell. Please watch over us all, especially Jaden. It has been a hard time for Jaden who loved her dad so much. Rest in peace till we meet again.

Condolences may be offered to the family below.
